Alexandria Gazette.

VOLUME CVI.---NO. 120. ALEXANDRIA, VA., MONDAY EVENING, MAY 22, 1905. PRICE 2 CENTS.

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon.

Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your 'Golden Medical Discovery' is a sick man's friend," writes Geo. N. Turner, Esq., (Ex. Financial Secretary International Brotherhood of Teamsters), 2208 California Street, Denver, Colo. "For the past seven years my health gradually failed. I lost my appetite, became nervous and debilitated, very despondent and unable to sleep. No medicine helped me until I tried Dr. Pierce's Golden Medical Discovery. It put new life into my veins and increased vitality until I could once more enjoy life and attend to my business. Eight bottles affected a complete cure and gladly do I recommend it."

Dr. Pierce's Pellets—only one or two a day will regulate and cleanse and invigorate a foul, bad Stomach, torpid Liver or sluggish Bowels.

COMPETENT JUDGES.

Beauty Doctors Endorse Herpicide.

Women who make a business of beautifying other women come pretty near knowing what will bring about the best results. Here are letters from two, concerning Herpicide:

"I can recommend Newbro's "Herpicide," as it stopped my hair from falling out; and, as a dressing it has no superior.

"(Signed.) Bertha A. Trullinger,
"Complexion Specialist,
"29½ Morrison St., Portland, Ore."

"After using one bottle of "Herpicide" my hair has stopped falling out, and my scalp is entirely free from dandruff.

"(Signed.) Grace Dodge,
"Beauty Doctor,
"125 Sixth St., Portland, Ore."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.
D. KAUBLE, Nevada, O.

Digests What You Eat

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. | Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

DISORDER IN CHICAGO.

Rioting resulted last night at Twenty-ninth and Dearborn streets, Chicago, when James Gray, a negro non-union teamster, was shot dead by Harry Bernstein, a bartender, during an argument over the teamsters' strike. Bernstein was mortally wounded by Policeman Tinsley, colored, and 1,000 persons partly demolished a saloon into which Tinsley had taken the unconscious bartender.

The street fighting last night is the latest of several clashes between negroes and whites since Enoch Carlson, eight years old, was shot and killed several days ago by two men, alleged to have been negro strike-breakers.

In a discussion last night of the strike and the shooting of Carlson, Gray and Bernstein fought in the street. Bernstein drew a revolver and fired four shots. Two of the bullets took effect in Gray's body, and he fell dead.

Two negroes, attracted by the noise, seized the bartender, and a fight for the revolver began. Policeman Tinsley, who has been appointed as a special policeman during the strike, ran up. Bernstein swung the revolver toward Tinsley, and, it was said, discharged the weapon twice. Tinsley drew his own revolver, fired four shots, each of the bullets taking effect in Bernstein's body.

A crowd hurried toward Tinsley and the wounded man. Tinsley carried Bernstein into the saloon. The crowd, which was composed largely of negroes, cried for vengeance for the killing of Gray. Tinsley shut and barred the saloon door. The mob rushed into the building, but being unable to force the doors open, large cobblestones and other missiles were thrown at the building, and every window and fixture in the place was demolished.

Tinsley, in an effort to save Bernstein from the mob, had the wounded bartender taken into the basement and telephoned to a police station. Two patrol wagons and an ambulances filled with policemen hurried to the scene, but it was only after a desperate fight, in which several of the rioters were bruised with policemen's clubs, that the mob was forced back from the saloon, shouting for Bernstein, the slayer of Gray.

The police told the crowd that Bernstein had been killed, and, placing the unconscious bartender on a stretcher, covered his face and showed the body to the crowd. This had a quieting effect on the crowd, and rioters soon dispersed.

After he had been revived in a hospital, Bernstein declared that Gray had started the trouble and that he had killed the negro in self-defense.

Seeking to avenge the murder of Carlson, the boy who was shot and killed last Tuesday night by a negro, scores of men, armed with revolvers, went forth late Sunday night determined to drive non-union teamsters from the district. Negroes leaving the branch yards of the Peabody Coal Company, at Twenty-sixth and Canal streets, were followed and assaulted, and as a result two riots occurred, in which one man was shot and probably fatally wounded, many others were hurt, and six were arrested.

Sunday brought no change in the attitude of either side. Officers of the seven express companies whose refusal to reinstate any of their former employes, caused the collapse of the settlement of the trouble Saturday night, still adhere to their determination not to give employment to any of their former employes, and the other firms involved in the difficulty Sunday night declared that they would stand by the express companies in the fight. The teamsters' union has taken just as firm a stand as the employers, and it was said by President Shea that the union will not call off the strike until the express companies come to terms.

Diamonds Stolen.

Three diamonds, valued in the aggregate at $90,000, have disappeared from the shop of Tiffany & Co., 15 Union Square, New York. The diamonds, according to one report, were cut from the world famous Excelsior stone, but this is denied. In all 10 diamonds were cut from the Excelsior last fall, shortly after its purchase by Tiffany from an English syndicate. The stone was found at Jagersfontein, South Africa, in 1893, and in the rough weighed 971 carats. It was the largest diamond that has ever been cut up, and the total value of the 10 stones taken from it was $500,000.

The robbery was committed in the workshop on the fifth floor of the Tiffany Building, in Union Square, on the afternoon of Thursday, May 4. The next morning, when the manager of the department went to take them from the safe in which they should have been locked for the night, they had disappeared. In fact, the three diamonds upon which a trusted workman had been employed all day on May 4 had never been placed in the safe. Loosely wrapped in paper, the 90,000 worth of jewels had been laid by the workman on the shelf of the window in the wire cage which separates the office from the workshop.

The theory is that someone in the shop who knew the value of the contents of the folded paper stole it before the articles lying on the shelf with it had been put in the safe. The man whose duty it was to lock up the valuables did not miss the diamonds. It was when the artificer asked for the diamonds next morning to finish his job of setting them that the theft was discovered.

DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

Cures Cholera Infantum, Diarrhoea, Dysentery, and the Bowel Troubles of Children of *Any Age*. Aids Digestion, Regulates the Bowels, Strengthens the Child and MAKES *TEETHING EASY*.
Costs Only 25c at Druggists, or mail 25c to C. J. MOFFETT, M. D., St. Louis, Mo.
Mother! Hesitate no longer, but save the health and life of your child, as thousands have done, by giving these powders. TEETHINA is easily given and quickly counteracts and overcomes the effects of the summer's heat upon teething children.

THE CHANGE OF LIFE

INTELLIGENT WOMEN PREPARE

Dangers and Pain of This Critical Period Avoided by the Use of Lydia E. Pinkham's Vegetable Compound.

How many women realize that the most critical period in a woman's existence is the change of life, and that the anxiety felt by women as this time draws near is not without reason?

If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden.

At this time, also, cancers and tumors are more liable to begin their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, dread of impending evil, sounds in the ears, timidity, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude are promptly heeded by intelligent women who are approaching the period of life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period, and may be relied upon to overcome all distressing symptoms and carry them safely through to a healthy and happy old age.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other medicine can.

Mrs A. E. G. Hyland, of Chestertown, Md., in a letter to Mrs. Pinkham, says:

Dear Mrs. Pinkham:—
"I had been suffering with falling of the womb for years and was passing through the change of life. My womb was badly swollen. I had a good deal of soreness, dizzy spells, headaches, and was very nervous. I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me, and I have passed safely through the change of life a well woman."

For special advice regarding this important period women are invited to write to Mrs. Pinkham for advice. It is free and always helpful.

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

Hot Weather Piles.

Persons afflicted with Piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which make Piles more painful and dangerous. DeWitt's Witch Hazel Salve stops the pain, draws out the soreness and cures. Get the genuine, bearing the name of E. C. DeWitt & Co.

How to Ward Off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by Gibson and Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, MAY 22, 1905.

THERE WAS a rift last week in the cloud which had for weeks hovered over Chicago incident to the strike of the teamsters, but the hope of a termination of the troubles has been shattered and conditions yesterday were more serious then for several days past, two persons having been killed in street conflicts. Both sides were today apparently as hostile as ever. It is said to be the purpose of certain labor leaders to extend the strike by enlisting the sympathy of the building trades. Should this plan be carried out there is no telling where the movement will end. Already the business interests of Chicago have suffered to the extent of $10,000,000, the teamsters have lost many thousands of dollars in wages, while labor organizations have spent a quarter of a million more in continuing the strike. The attitude of the express companies today is firm, they refusing to re-employ striking teamsters. The Mayor says he will call on the Governor for troops should there be further rioting.

THERE are indications that the beef trust investigation, which began two months ago and has cost $125,000, will end in a dismal fizzle. Two hundred and fifty witnesses have been heard of the 325 summoned, and nothing tangible has been secured upon which to ask indictments. The inquiry adjourned Saturday until June 7, but it is said that before that date President Roosevelt, realizing the hopelessness of the cause, will order the entire matter dropped. The witnesses have cost an average of $500 each, and many were only asked one or two questions after being brought from a great distance, because the investigators were not familiar enough with the packing industry to ask the right questions or get the proper persons before the jury. So the beef trust investigation bids fair to be another fiasco.

IN REFERENCE to the purchase of supplies for the Panama canal the following "official" information has been given out:

Standpatters, who still insist that present conditions be "let alone," and who, after catching their breath a few days ago, busied themselves in an effort to minimize the importance of the administration's going abroad to buy when money can be saved to the government, will find that this policy, fixed and unalterable, is to be enforced to the letter. Nothing short of a Congressional enactment requiring the purchase of all canal materials in the United States will estop the commission from enforcing the policy to the letter. The fire of the high-protection batteries is futile.

Now the people await the trust's inning.

THAT the transatlantic steamship lines, working in secret agreement with European governments, are deriving an annual revenue of $50,000,000 from the transportation of emigrants to the United States, is a charge contained in a most sensational report recently made to the Department of Commerce and Labor by Marcus Braun, secret emigration agent at Budapest. So sensational is this report that the government has deemed its publication inexpedient. Discoveries made by Mr. Braun show how, as a nation, this government is being duped by the governments of Europe, especially of the southern part. The charges need the fullest investigation.

AT THE close of Treasury hours Saturday the deficit amounted to $37,224,768, going over the $37,000,000 mark for the first time since the purchase of the Panama canal strip. Those managing the financial offices of the country say there is not the slightest uneasiness, as there is an available cash balance in the Treasury of over $129,000,000, but the fact remains that the higher the deficit creeps the farther away it is from the $20,000,000 mark predicted by some of the experts of the Treasury Department. But what is a deficit of $25,000,000 to those who are running "a billion dollar country?"

SECRETARY OF THE TREASURY SHAW, in his speech before the Cleveland, Ohio, Chamber of Commerce, Saturday night, intimated that the United States, if driven to it, was prepared for a tariff war with Germany or any combination of European nations discriminating against the products of the United States. This is a powerful country, with many resources, but that it is strong enough to successfully engage in a tariff war against combined Europe is too absurd to be taken seriously, and Mr. Shaw in his desire to bolster up the "standpatters," was but giving vent to bunkum when he made his Cleveland speech.

DURING the past few days several inquiries have been made at this office concerning the enforcement of the law in reference to the obstruction of sidewalks. It is alleged that some are allowed to violate the law while others are held to its strict enforcement. This should not be, and the police should show no partiality in the matter whatever. The laws are made to govern all alike, and so long as they are on the statute books all, without exception, should be required to observe them.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., May 22.

One result of the investigation into the Bowen-Loomis controversy will, it is believed, be the discharge of Mr. Bowen, former U. S. Minister to Venezuela, from the diplomatic service. It is learned that he admits in the papers he has filed with Secretary Taft that he did talk with the newspaper men in Caracas about the rumors and charges reflecting upon the integrity of Assistant Secretary of State Loomis, who was his predecessor in the Venezuelan mission. He admits that he told them the whole story but it is understood that he claims that in making the matter known he felt he was doing a patriotic duty, inasmuch as the circulation of these charges in the absence of a full and impartial investigation was hurting the prestige of the United States in Venezuela. It is known that President Roosevelt has held that if it should be shown that Mr. Bowen was in any way responsible for the publication of the statements which reflected so severely upon the integrity of his superior officer, the assistant secretary of State, he would consider it sufficient cause to drop him from the service. In view of Mr. Bowen's own admissions, therefore, it is expected that his retention as a diplomatic officer of the United States will be short lived. Mr. Bowen called at the War Department this morning and left with Secretary Taft additional papers bearing upon the case. Among them, it is understood, is a protest to the effect that it is strange that Mr. Loomis has not been called upon to produce the stubs of his check book during the period under investigation. He claims that if this were done it might effectually prove or disprove Mr. Loomis's contention that the incident of the $10,000 check was merely a business transaction between himself and the Asphalt Company, brought about through Mr. Loomis' desire to change Venezuelan money into American money. John G. Dater, the financial editor of the New York Herald, who was sent down to Caracas as the correspondent of that paper, and who was the first to put into print the many rumors affecting Mr. Loomis which had been in circulation here among the legations as well as there in official circles, gave his testimony to Secretary Taft this morning. It is understood that Mr. Dater admitted that Mr. Bowen had talked freely with him on the subject of the Loomis charges, but he also told the Secretary that Bowen was not the only one. The statements against Mr. Loomis, he said, were in general circulation and he had felt it his duty to publish them in order that there might be an inquiry into their truth which would definitely clear Mr. Loomis of the damaging charges or else prove a motive for the attitude of the United States in insisting upon arbitration of the asphalt case while it was still pending for adjudication before the Venezuelan courts. Mr. Dater said that Mr. Bowen was no more responsible for publication of his article than were a number of other individuals.

Judicial proceedings in Venezuela in connection with the case of the New York and Bermudez Asphalt Co. have not yet been exhausted. Therefore there will be no immediate accretion of the discord between the United States and that country as the result of the decision of the High Federal Court of Venezuela on Saturday to annul the charter of the Asphalt Co. and condemning it to pay damages for its alleged participation in the Matos revolution. This decision, which comes after a year's litigation, was handed down by the president of the court individually and the company has five days in which to make an appeal to the full court. The president's decision must then be confirmed by a majority of the other members of the court before it can become effective. It is understood that the representatives of the company have already taken steps to make that appeal and it will probably be some weeks before a final decision will be rendered and before the case will be outside the realms of judicial procedure. Little hope is entertained, however, in official circles here that action on the appeal will result in any change in the decision of Saturday.

Interstate Commerce Commissioner Joseph W. Fifer, of Illinois, in an explanation today before the Senate committee on interstate commerce on the work of the commission, dwelt upon the increasing spirit of antagonism existing between the people and the railroads. He said that he did not favor governmental ownership, but declared: When the people get the notion that the railroads are too strong for the commission, too stroug for the government then will they demand governmental control." He said he was no pessimist but he had heard the matterings and he was afraid that if once aroused the people would take the matter into their own hands.

Two hundred of the greatest thief takers in the world gathered here this morning when the annual convention of the International Association of Chiefs of Police was called to order by Major Richard Sylvester, its President, and the head of the Capital's "Finest." District Commissioner West made the address of welcome and Major Sylvester responded in behalf of his brother chieftain. A business session will consume the time of the convention during the day and in the evening the Library of Congress will be visited. Many important subjects relating to the preservation of the peace and the tracing and identification of criminals will be discussed by the chiefs during the week. On Thursday President Roosevelt will receive them at the White House.

Representative Tawney, of Minnesota, who for a year or so has been an ardent tariff revisionist, called at the White House this morning. "If the prices of manufactured articles in this country are higher than they are abroad, plus the duty, we certainly ought to buy our supplies for the canal in foreign markets" said Mr. Tawney. "If, on the contrary, the home markets ask no more than the count wanted in foreign countries, with the duty added, we should buy at home. That question, it seems to me, ought easily be determined, and I think is the fair way to look at the case." We placed the tariff on goods coming from abroad to pay the American workmen their wages, and we ought to buy materials for a great government work at a price that will pay those wages."

The output of gold in the Yukon Territory is steadily decreasing and it seems only a question of a few years when the famous El Dorado will be abandoned. Even now, according to a report received by the State Department from U. S. Consul Smith at Victoria, B. C., mining on small capital has ceased to be a paying business in the vicinity of Dawson. Mr. Smith reports that the gold harvest of the Yukon Territory was $1,329,825 less in 1904 than it was in 1903 and even a larger decrease is looked for during the present year.

President Roosevelt shook hands with fifty Seventh Day Adventists at noon today. The callers are delegates to the conference which the church is now holding at Takoma Park, a suburb of the Capital.

August W. Machen's trial had been set for this morning, but on the request of his attorneys it went over till tomorrow. They will raise the question as to the right of the government to try Machen in this jurisdiction.

News of the Day.

Wall street brokers are preparing to transfer their offices to Jersey City to escape payment of the stamp tax.

Judge Albion W. Tourgee, the well known author and consul at Bordeaux, died there yesterday from the result of an old wound.

Alfred G. Vanderbilt, Isaac N. Seligman and H. H. Vreeland were among those arrested for automobile speeding at Ardsley, N. Y., yesterday.

Mrs. Alice Bowie, widow of Oden Bowie, ex-governor of Maryland, died Saturday night at her home, Fairview, in Prince Georges county, that State.

In a demonstration of workmen at Buenos Ayres yesterday socialists and the police force came into conflict, and in the encounter two persons were killed and forty wounded.

Judge Morris has written the President that his resignation as one of the judges of the District of Columbia Court will be in the President's hands in accordance with his original letter.

An attempt to rob the stamp safe at the San Francisco postoffice yesterday was frustrated by Watchman William O'Connell, who saw one of the burglars drilling the safe. The burglars secured $1,400 on stamps.

Manuel Montoya, a rich stockman of Los Alamos, N. M., cut his wife's throat with a razor on Saturday while in an insane rage, tore down part of his house, broke much furniture and then severed his own jugular vein.

Empress Augusta Victoria fell down stairs at Wisbaden, yesterday and was slightly injured on the forehead. Though the hurt is not serious, the incident has caused the postponement of the departure of the Emperor and Emperess for Berlin.

Panic caused by the blowing out of a fuse on a motor car in Philadelphia early last evening resulted in the injury of four women, one of them seriously. The passengers who remained seated escaped unharmed. Only those who jumped sustained hurts.

The New York Camp of the Confederate veterans held its annual memorial service and placed flowers on the graves of its dead at Mount Hope yesterday. There were some fifty union veterans in the line of march, from the railroad station to the towering shaft erected in the cemetery to the memory of the Confederate dead.

Three thousand incandescent globes will soon be placed in the dome of the Capitol, and it will then outshine the dome of the Congressional Library, far famed for its great brilliancy. The dome of the Capitol will soon rank as one of the handsomest of its kind in the world, so many are the improvements that are being made.

The president of the federal Court of Cassation, of Venezuela, sitting as a tribunal of first instance at Caracas Saturday, in the case of the government of Venezuela against the New York and Burmudez Asphalt Company in the matter of the Hamilton contract, dissolved the contract and ordered the company to pay damages.

Water caused a $300,000 fire in Wilkesbarre, Pa., yesterday, when the Wells Building, one of the largest store and office structures in the business section, was destroyed. There were two fires. The first, on the third floor of the building, occupied as a warehouse, was easily extinguished. Water used to quench the fire followed wires into the basement, where a short circuit was formed causing a flash from a dynamo, which started flames in dry goods.

The statements of Professor Schweninger, of Berlin, who was medical adviser to Prince Bismarck, that recourse is had to operations far too frequently nowadays, and that the physician is pushed on one side by the surgical handicraftsman, have created considerable interest among members of the medical profession in London. A noted West End physician told an interviewer that a revulsion of feeling is taking place in regard to the use of the knife.

The celebration in Berlin of the wedding of Crown Prince Frederick William and the Duchess Cecilia will last four days, beginning June 3. The duchess will be received at the Brandenburg Gate by the chief burgomaster and the city fathers, and by 100 young women of known families, who have been drawn by lot from several hundred candidates, and who will present flowers to their future empress. The girls will be dressed alike in Gretchen costumes.

With both legs amputated just below the knee, as the result of a railroad accident, Walter Walsh, 17 years old, of Philadelphia, was the most cheerful patient in the men's ward of the Jefferson Hospital yesterday. "It hurts a little," he said, when the surgeon inquired after his condition, "but what's the use of making a fuss? I'm mighty sorry, though, that I'll have to stop playing tennis. Still, I guess there's lots of fellows in a worse fix than I am," and he philosophically resumed reading his paper.

Letter to Harry Fleischmann.

Alexandria, Va.

Dear Sir: A man said: Send me 25 gallons. Generally I use 24; don't think it'll be enough.

Had 7 left.

Ordered 9 more for another job; 16 for the job.

Had 6 left.

This comes from Messrs W A & F Bower, Methuen, Mass. They add. This has been our experience all this year.

New agents always have to go through it. After a little, they learn to guess better.

Yours truly,

F W DEVOE & CO

New York

Virginia News.

The steeple of St. Paul's Protesant Episcopal Church, in Richmond, is in a dangerous condition and will be torn down.

Mrs. Eleanor Brown, aged fifty-three years, wife of William H. Brown, died at her home near Boyce, Clarke county, Friday.

Major John W. Johnson, the past commander of Lee Camp and father of Miss Mary Johnson, the distinguished Virginia authoress, died at his home in Richmond last night.

Senator Martin has received a telegram from Vice President Fairbanks appointing him a member of the board of visitors at the United States Naval Academy to attend the annual examinations.

Governor Montague has authorized the offer of a reward of $150 for Harry Keyser, June Comer and Pearl Kite charged with being leaders in the drowning of Henry Henderson, colored, near Ingham Page county, the latter part of last February.

State Senator J. N. Harman, of Tazewell, one of the three republican members of the upper branch of the general assembly, has forwarded to the governor his resignation as a member of the legislature. Mr. Harman has accepted the pastorate of a church at Graham, and he says he will devote the rest of his life to the ministry.

It is probable that the Commonwealth will try to subject the estate of the late J. Samuel McCue, who in February last was executed in Charlottesville for the murder of his wife, to the payment of the costs. Indeed, there has been entered upon the judgment docket a memorandum of the fees and costs, amounting to $3,007.42.

The State Board of Education meets in Richmond tomorrow, to continue the election of county and city superintendents. The investigation of charges preferred against the department of public instruction by Mr. Joseph D. Eggleston, of Prince Edward county, one of the candidates for superintendent of Public Instruction, will be entered upon Wednesday.

There was a conference of Virginia republicans in Washington last week over the Newport News collectorship of customs. It resulted in Mr. Slemp agreeing to accept Archibald Peachey, the candidate of John S Wise and George Bowden. That Messrs. J. S. Wise and Geo. Bowden, bitter political enemies for years, have agreed upon this appointment, is regarded as significant. They never agreed upon anything before.

A fire attended by small loss but great confusion and excitement broke out in Winchester yesterday morning in a stable on the premises of Postmaster Bentley Kern, and was extinguished before communicating to his residence which was for a time in danger. Many pastors were in the midst of their sermons, and when the alarm and cry of fire was heard the churches were almost deserted and the preachers practically preached to empty pews after order had been restored. A wheel on the Friendship Fire Company's hose wagon rolled off and dashed into the doorway at Grace Lutheran Church among a crowd of people running out to the church.

Ships Built in China.

In connection with the suggestion that the Panama Canal Commission might buy ships and supplies abroad if obtainable cheaper than in American markets, it is stated that eight vessels have within the past twelve months been launched from the yards of the Whampoa Shipbuilding Company, about twelve miles from Canton, China, for service in the insular possessions of the United States in the Orient.

The eight boats launched are 160 feet long, of 1,000 horsepower, and their contracts called for a speed of twelve knots an hour. Some of them developed a speed of one-sixth of a knot better than this over their trial courses. They cost the government in no case less than $85,000 each.

Capt. Harry Strue, formerly of the United States transport Hancock, supervised the building of these ships and saw that they were delivered at Manila. He was acting under Commander James Helm, captain of the port of Manila. It is said that nothing concerning the launching of these vessels appeared in the Canton newspapers because a request had been made to refrain from making anything public about the American ships at the Whampoa yards.

An officer of the United States government connected with the Geodetic Survey, who recently returned to this country for the benefit of his health after staying a time at Kowloon, China, and who might be expected, therefore, to know about the operations at Whampoa, has confirmed this story that American government ships were built at Whampoa.

Storm in Texas.

A heavy windstorm, blowing at the rate of 70 miles at hour, struck Fort Worth, Texas, from the southwest at 6:30 o'clock last night. Part of the west wall of the Texas Pacific passenger station was blown in, and John Young, a train dispatcher, was killed. The storm was most severe west of the city, and all telephone and telegraph wires in that direction are down. A passenger on a Texas and Pacific train from the west reports that the town of Mineral Wells was partly blown away. One building belonging to the African Methodist Episcopal Church at Fort Worth was demolished. Many business buildings lost their roofs, including the First National Bank building, a seven-story structure.

A special to the Dallas News from Sherman, Texas, says; "Tremendous rises in the creeks of Grayson county from a five-inch rainfall in seven hours Saturday night and yesterday morning have caused the flooding of 20,000 acres of rich-bottom cotton lands, all under cultivation, and the destruction of much stock. The losses are estimated at $250,000. Dead hogs and cattle by the dozens have been found. Two families named Griffin and Weber, tenants on the Reed Davis plantation, were driven to trees and housetops and were rescued with difficulty in boats.

The failure of A. G. Morris was announced on the Consolidated Stock Exchange, in New York, this morning.

When e'er you feel impending ill,
And need a magic little pill,
No other one will fill the bill
Like DeWitt's Little Early Risers.

The Famous Little Pills EARLY RISERS cure Constipation, Sick Headache, Billousness, etc. They never gripe or sicken, but impart early rising energy. Good for children or adults. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

Today's Telegraphic News

Strike Conditions in Chicago.

Chicago, May 22.—Peace negotiations which Saturday appeared to have ended in a settlement of the teamsters' strike, ended abruptly, and despite new conferences called for today, Mayor Dunne and Sheriff Barrett are preparing their armed forces for a renewal of violence and a spread of the disaffection to other unions.

President Gompers, of the American Federation of Labor, says he does not blame the teamsters for refusing to surrender unconditionally, and criticizes the express company for their unrelenting position in refusing to re-employ strikers.

Both the Mayor and Sheriff say they will call for troops from the Governor if rioters appear in force upon the streets.

If the general agents of the express companies maintain their position of early this morning, there is absolutely no hope of peace. In interviews they all say practically the same thing, which is: "There is no change in our attitude towards the strikers and there is no likelihood that there will be any. The men were warned before they struck. They deliberately deserted their positions and violated their contracts. Now their places have been filled satisfactorily and we simply have no places for them."

A committee of 25 was appointed Sunday by President Dold, of the Chicago Federation of Labor, to solicit financial assistance from the labor unions of the city, for the striking teamsters.

A resolution framed by John W. Morton and John Fitzpatrick denounced the attitude of the Board of Education and the juvenile court toward the youthful strike sympathizers in the public schools and conveyed the threat that all the children of union workmen would be withdrawn from the schools unless the lads sentenced were released and vindicated.

The lumbermen declare they will carry out their announced intention this morning to make deliveries. If they do the drivers say they will strike. The expected strike of lumber teamsters is likely to involve the closely allied unions of the sand, lime and cement drivers and the brick, tile and terra cotta drivers.

This morning, when ordered to deliver goods to the Fair department store, a strike bound establishment, drivers for the Edward Hines Lumber Company refused and were discharged. Consequently all the concern's teamsters, 100 in number, walked out. In a number of other cases walk outs are reported for similar reasons, indicating that the spread of the strike to the lumber interests of the city

Thirty drivers for the Rittenhouse & Embree Lumber Company struck this morning. Some declare the belief that by night every lumber yard in the city will be without drivers. Fifteen box factories, included in a mutual association, probably will be affected too, thus embarrassing the stock yard industries.

Early trains brought about 150 strike breakers from Indiana and Cincinnati.

Reports of violence began to come in early this morning, following a riotous Sunday. Joseph C. Viola, mistaken for a strike breaker, was assaulted and robbed, his right leg being fractured by a blow from a club.

Frank Voelker, a press feeder, was shot and badly wounded by M. Fitzgerald, a special deputy sheriff, during the night.

The riot which occurred last night, was one of the worst of the strike.

War in the East.

Saigon, Cochin China, May 22.—The statements which have been made in regard to the return of eleven slow vessels of Admiral Rojestvensky's fleet to Indo-Chinese waters, and that they were lying off Port D'Ayot, although outside territorial waters, are not borne out by the report made by Admiral de Jonquieres, the French commander in these waters, who has just returned here after a tour along the Annam coast. The Admiral reports that he visited the entire coast and that no belligerent vessel has put into any port along the coast since May 14.

Tokio, May 22.—An official reports has been received from the field headquarters stating that several attacks by Russians on the Japanese posts in the neighborhood of the Liauo river were made on May 20. One Russian force attacked Tang-shed, but was repulsed after a sharp engagement. The Russian losses were 300.

St. Petersburg, May 22.—An inspired article appears to day in the Novoe Vremya on the subject of the war and the proposed reforms in Russia, for which there is so much popular clamor. The purport of the article is that Russia cannot consent to terms of peace, which would humiliate her, and that the war, therefore, most continue.

Every Russian should understand this, and await patiently for reforms until the war question is settled.

Hong Kong, May 22.—A Russian cruiser, accompanied by a transport which was heavily loaded, has been sighted in Haiuan strait. The vessels were headed toward the west.

Chefoo, China, May 22.—According to travelers who have arrived here from Port Arthur an armed force of 100 men boarded the Russian steamer Kaihan in Port Arthur harbor on Saturday and took possession of the vessel. The Kaihan was used by the Russians as a hospital ship during the siege, but a dispatch was received from Tokio saying the Japanese government had decided to hold her as a prize on the ground that she was a warship. The Kaihan is a vessel of 7,755 tons, and has a speed of 12 knots. She was formerly a member of the Russian volunteer cruiser fleet. In March 1904, she was converted into a hospital ship.

Celebrating Cuban Independence.

Madrid, May 22.—Despite the positive prohibition of the government which forbade such an affair being held, the nationalists of Barcelona yesterday gave a luncheon to commemorate the third anniversary of the Cuban proclamation of independence. A message was sent in the name of the nationalists to President Palma of Cuba, congratulating the young nation on its progress under its own rule and expressing the good will of the nationalists.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid, of Harmony, Me. "For the past five years, however, on the slightest sign of a Cough or Cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and $1.00; guaranteed at E. S. Leadbeater & Sons' drug store. Trial bottle free.

Dies After Sleep of Five Weeks.

Pittsburg, May 22.—Physicians in Pittsburg are discussing the mysterious circumstances surrounding the death of Dr. Erwin Fischer, of Pittsburg, who died yesterday after five weeks of almost incessant sleeping. Dr. Fisher had collapsed, after some weeks of hard work, trying to keep down the spread of spotted fever here, and he had but few intervals of consciousness, sometimes remaining apparently dead for seven days at a time. He died at 3 a. m.

Dr. Karl Emmerling yesterday held an autopsy on the body of Dr. Fisher, removing the brain, on which he found an abscess of large size and unusual nature. Dr. Emmerling said yesterday evening that the brain would be placed under a most severe microscopical examination, in order to find out just what was the matter. Dr. Emmerling said he considers the case one of the most unusual in the history of medicine.

Death From Swallowing Cherry Seed.

Winona Lake, Ind., May 22.—From the effects of swallowing a cherry seed as she drank water, Dorothy, the five year old daughter of Rev. Edward Beach, of Delphi, Ind., died early this morning. The accident occurred Sunday afternoon just outside the auditorium where a mass meeting was being held in connection with the Presbyterian General Assembly. A crowd soon congregated about the victim and Rev. W. K. Kiery, of Dallas, Texas, at the sight of blood issuing from the child's mouth was overcome. He is still in a serious condition. A second minister was also compelled to be carried away. Two operations were performed on the girl, but in spite of every precaution she died in great agony. The father of the child was the guest of Rev. Lemon, a Baptist minister of Warsaw.

View of Paradise is Over.

Pottsville, Pa., May 22.—After a trance of nine weeks during which time strange visions of Paradise and the spirit world flitted through her brain, Miss Eliza Kitzlinger, residing near Orwigsburg, awoke yesterday. During the time of the trance her body was rigid and she partook of no nourishment whatever, the function of every organ of her system apparently being suspended.

Miss Kitzlinger attended revival services all winter and relatives say the trance resulted as the culmination of religious emotion, but physicians say her abnormal condition was the result of the action of clots of blood on the brain and nerves.

Miss Kitzlinger will go to New York today, where her condition will be investigated by specialists.

Want to Return to Psalms.

Winona Lake, Ind., May 22.—Disregarding traditions, a strong element in the Presbyterian General Assembly is endeavoring to sound the death knell of hymns, and it is believed that when the order of ritual comes up for discussion Friday a fight will be made to have the church return to psalms. Rev. John Matthews, of Seattle, Wash., in a fierce speech before the assembly this morning declared that the work of missionaries in the far west is retarded because the churches sing the wrong kind of music. He characterized the present day hymns as "rag time." Moderator Moffatt also favored the use of psalms and has recommended to the assembly that this be used as a base for merging with the United Presbyterians.

Bomb-making in Russia.

Odessa, May 22.—Since the discovery of a factory for making bombs in this city, recently, a close investigation has been going on to find out all the details of the plot for the use of these engines of destruction, and to locate the parties to the scheme to perpetrate wholesale outrages. The result of this investigation has been the seizure of 127 completed bombs, and a great store of unfinished bombs. These bombs were of the finest workmanship and contained explosives of tremendous power, which undoubtedly would have caused great destruction had the missiles been used. The bombs are described as being vastly superior to the hand grenades used by Russian soldiers in Manchuria, which are regarded as very dangerous.

American Playhouse in London.

London, May 22.—Musical and theatrical circles are taking the greatest interest in the opening of the magnificent new Waldorf Opera House, under the the management of the Shubert Brothers which takes place tonight. The bill is the opera of II Pagliaci. Madame Calve is ill and will be unable to appear until next month. The idea of giving London a playhouse on American lines at popular prices has appealed to the people, and ten times as many applications for seats for the opening night were received as the house will accomodate. The Shuberts have also leased the Shaftesbury Theater, and will put on musical comedies there.

Charged with Manslaughter.

Paris, May 22.—As a sequel to the death of Mlle. Randall, an actress, who was killed here on April 14, while looping the loop in an automobile, the inventors of the act, as well as the managers of the music hall in which the accident occurred, were placed on trial today on the charge of manslaughter for imprudence in allowing the woman to perform the feat. A unique feature of the trial was the exhibition in court of a small model showing how the feat was performed, which was used to show the danger to which the daring woman was subjected in doing the act.

Yacht Atlantic Sighted.

New York, May 22.—A wireless dispatch transmitted here from far out to sea by the steamers Cedric, Minnetonka and Noordam, reports sighting the American yacht Atlantic Saturday night, 690 miles due east of Sandy Hook. The Atlantic must have averaged two hundred miles a day to have reached the point where she was sighted.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucuous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

Accident to Elevated Train.

New York, May 22.—A southbound train on the Third avenue elevated line, just after leaving the 133 street station, shortly after one o'clock bumped into the rear end of another train standing on the tracks which was waiting for the draw in the bridge over the Harlem river, to be replaced, after allowing a vessel to pass the bridge. It is reported that thirty people were injured, some of them seriously in the collision. The rear car of the first train was thrown from the tracks by the force of the collision, and the back part of the car hung over the railing on the bridge over the water. Had it not been for the fact that there is a footpath on the bridge, the car would probably have gone into the river.

Accident at Sea.

Boston, May 22.—The steamship Georsemore arrived today from Antwerp and Captain Walker brought news of the yacht Thistle. On Saturday the Georesmore passed closed to the Thistle and the owner of the yacht reported that on the previous day he had sighted a derelict American brigantine with the large spar of some sunken vessel close by, indicating that a serious collision had occurred lately, resulting in the sinking of one vessel and the abandonment of the other. There was no trace of the crew and their fate, and also the fate of those on board the sunken vessel remains a mystery.

Empress's Injuries Serious.

Berlin, May 22.—The Berliner Tageblatt says that the injuries sustained by the Empress Augusta Victoria in the accident at Weisbaden yesterday when she fell down stairs are more serious than have been publicly admitted. It was at first reported that she was slightly hurt on the forehead. The Tageblatt declares she sustained a complication of injuries, including a sprain of the right ankle, an open wound on her right foot and an injured knee cap. The empress is being cared for by nurses of the Red Cross. It is doubtful whether she will be able to attend the wedding of the Crown Prince, which takes place in two weeks.

Unveiling a Window.

London, May 22.—Joseph Choate, the retiring American Ambassador, made his last public appearance this afternoon at the unveiling of memorial window to John Harvard, in St. Savior's cathedral, at Southwark, South London. This window was given to the cathedral by Mr. Choate to commemorate the fact that John Harvard was a resident of Southwark parish. The window was designed by John Lafarge. The Archbishop of Canterbury, the Bishop of Southwark and other noted ecclesiastics attended the unveiling of the window.

New York Stock Market.

New York, May 22.—There was heavy and urgent covering of shorts during the first hour in all the active stocks by traders who over-sold the market on Saturday on the belief that the heavy decease in reserve would be reflected in higher rates for money. The changes in the bank statement on Saturday, though, were wholly the result of operations on Tuesday last, and it is to be presumed that since Wall street conditions, as far as accommodation is concerned, have been readjusted. Commission business was comparatively small, outside buyers apparently waiting for further declines which did not come because of the advances resulting from general covering of shorts.

A sudden selling wave swept over the stock market shortly after one o'clock this afternoon and many big declines were reported. In the general outpour of stocks declines anywhere from one to three points were made.

TELEGRAPHIC BREVITIES.

One man was killed and two others were probably fatally injured in a freight wreck on the Balti nore & Ohio railroad at Sharon, Pa., today.

"Billy" Randall, at one time a well-known baseball pitcher on the old Washington team, was found today in Brooklyn in a destitute condition. He was sent to a hospital.

The breach of promise suit brought in New York by Mrs. Katherine Poillon, a woman of rare beauty, against William Gould Brokaw, multi-millionaire clubman and yachtsman, was called for trial this morning before Justice Gildersleeve in the Supreme Court, and on motion of the plaintiff's counsel was adjourned until Wednesday. Mrs. Poillon seeks $250,000 for her damaged affections.

Flies As Disease Carriers.

The common housefly was classed as a deadly enemy of mankind by Dr. Henry Skinner, entomologist of the Academy of Natural Sciences, who Friday night in Philadelphia lectured on "Insects in Relation to Disease," before the American Philosophical Society. Dr. Skinner included the ubiquitous fly in a list of disease transmitting insects which, it appears, are more dangerous to the human race than wild beasts. The housefly was specially credited with the spread of tuberculosis. Dr. Skinner said that too little attention was paid by the public to the scientific warnings issued against disease-spreading insects. The fly, he said, was also known to be the means of spreading gangrene in hospitals, particularly in war camps. Fleas, he said, undoubtedly spread tuberculosis and also leprosy, and the malarial mosquito now has a recognized place as one of mankinds most dreaded enemies. Hairy caterpillars, according to Dr. Skinner, are disseminators of a disease which has symptoms similar to tuberculosis. That terror to housewives, the night roving bedbug Dr. Skinner also classed as a source of consumption. According to Dr. Skinner insects cause a loss of over $300,000,000 annually in the United States by the destruction of crops and in other ways.

Seventy-second Regiment.

Another regiment of volunteers is to be added to Virginia's military force.

The new organization is to be known as the Seventy-second regiment of infantry, Virginia volunteers.

The companies to constitute the organization will be: A, Staunton Rifles, of Staunton; B, Culpeper Minute Men; E, the Mecklenburg Guard, of Chase City; G, Petersburg Grays; H, Clifton Forge Rifles; F, Roanoke Light Infantry; C, the Page Riflemen, of Luray; and D, the Warren Light Infantry, of Front Royal.

The election of a colonel, a lieutenant-colonel and the two majors for the regiment will be held at the armory in Staunton at 10 o'clock Saturday morning, May 27.

In compliance with regimental regulations, such officers as are qualified to vote will be deemed competent to participate in the election of a colonel and lieutenant-colonel for the new organization; but only the officers of the battalions forming the regiment will be competent to participate in the election of the majors for the respective battalions.

Alexandria Gazette.

MONDAY, EVENING, MAY 22, 1905.

Local Matters.

Sun rises tomorrow at 4:41 and sets 7:12. High water at 11:00 a. m.

WEATHER PROBABILITIES.—For this section partly cloudy tonight. Tuesday probably showers: light variable winds.

Meeting of Teachers.

A meeting of public school teachers was held in Lee school building last Saturday night for the purpose of taking concerted action in expressions of appreciation of the services of Mr. K. Kemper, the present efficient Superintendent of Schools of this city. All but four of the white teachers were present. One of the absentees lives in Washington. Most of the colored teachers were present. It was unanimously determined to prepare a petition for presentation to the State Board of Education asking for the reappointment of Mr. Kemper. The City School Board and the City Council, it will be remembered, have by unanimous votes expressed their appreciation of Mr. Kemper and requested the Board of Education to continue him in his present position.

The following was prepared and presented to each of the public school teachers (white and colored) this morning, all of whom signed it:

Alexandria, Va., May 22, 1905.

To the Honorable Board of Education, Richmond, Va.

Gentlemen: We, the teachers of the public schools of the city of Alexandria, Virginia, do respectfully petition your honorable board to re-appoint Mr. K. Kemper to the position of Superintendent of Schools of our city.

Mr. Kemper's educational qualifications and value as an educator are well-known to every citizen of Alexandria, as well as the public in general, and our people have absolute confidence in his management.

Mr. Kemper, as you gentlemen probably know, is an old teacher of established reputation, a graduate of the University of Virginia, a lawyer of ability and a citizen above reproach.

He is now and has been superintendent of our schools for the past thirteen years.

He has been conservative in his actions, but always on the alert as to what is best for the system, and we believe that he has done all that any man could have done with the amount of money appropriated for that purpose.

There can be no doubt that our schools compare favorably with similar schools throughout the State.

Many of our scholars attend the various colleges and universities and we do not feel that we are boasting when we say the high standing of our pupils, at the above-named institutions, is a compliment to our school system.

The Alexandria schools have been highly complimented by some of the professors at the University of Virginia.

It has been rumored here that you gentlemen, possibly, may not re-appoint Mr. K. Kemper as Superintendent of Schools for this city.

We hope this report is incorrect. We appreciate the fact and know that you desire to do what is best for the whole educational system of the State and that your motives are beyond personal considerations.

It is our hope that a few words from the humble teachers of our city in behalf of a gentleman who has on all occasions tried to do his duty, will assist you in coming to the conclusion, if there be any doubt in your minds, that it will be to the best interests of our schools to re-appoint Mr. K. Kemper as Superintendent.

Thanking you in advance for the privilege of addressing you, we have the honor to subscribe our names.

Conductor Injured.

Conductor Conrad Myers, who was in charge of the electric train which left Washington at 12:30 o'clock, yesterday morning, was struck in the face by a brick thrown by some unknown person at Arlington Junction and seriously injured. When the train reached the junction several negroes were standing on the platform, and a number of others, who had taken the train in Washington, left the cars. As the train started again, Myers, who was standing on the rear platform of the trailer, was struck on the right side of the face by a brick, which had evidently been hurled with terrific force. He staggered into the car, and the train was hurried to this city. Myers was carried to the office of Dr. William M. Smith, the company's surgeon, and his injuries were dressed. He was then removed to his home, on south Columbus street. He is suffering from a deep gash on the right cheek, and it is feared the sight of his right eye is seriously impaired. On Friday night a brick passed through an open window and struck against the opposite side of the car without doing any material damage though one of the passengers had a narrow escape from being hit by the missile.

Accidents.

Mr. John Fones, of this city, was thrown from an electric car a short distance thisside of the Long bridge Saturday evening and painfully injured. Mr. Jones was standing on the platform at the time and the accident was caused by the train turning a curve. He was taken to the Emergency Hospital for treatment and later returned to this city.

A man named Parker, employed on the railroad work north of this city, had a narrow escape at King and Fayette streets yesterday morning. He attempted to board a north bound freight train at that point, and after getting on the car fell backward into the street, barely far enough from the rails to escape injury.

Benjamin Merchant, who was employed as a jockey by Mr. Alvin Portner, was seriously injured in a steeple chase near Norfolk Saturday. He was brought here on the steamer early yesterday morning and later placed on a train and sent to Manassas.

The New Ferry.

Mr. William F. Carnes, of the Harlan and Hollingsworth Shipbuilding Company, of Wilmington, Del., was in Washington last week in conference with General Manager Callahan regarding some of the details of the engines that are to go in the new ferry steamers. The keel of the first of the new steamers will be laid at the yard of the Harlan and Hollingsworth Company within the next day or two. Within the past week the frame of the new ferry house in Washington has been erected, and during this week the covering of the building with its metal sheathing will be started. The greater part of the dredging of the new slip has been accomplished, and within the next few days the pile driver will be put to work driving the piles that will form the slip. The pulling of the piles in the old slip at this port is going on. It is said that a boat to run on the route until the new steamers are built will be here in about three weeks' time.

Lee Camp Hall will be open from 7 a. m., Wednesday, May 24 (Confederate Memorial Day,) for all to send flowers to help decorate the monument and graves of the Confederate dead.

W. C. T. U. Night School.

The closing exercises of the Allison W. C. T. U. night school was held Friday night at St. Mary's Parish School building and was largely attended. The programme consisted of music, recitations and a little talk by the president to the mothers and friends of the boys, and the reading of the prize essay by the treasurer of the union, after which 10 prizes were given in money. Master Charles Ale received the prize award of a two dollar and a half gold piece for writing the best essay on on "Why Shouldn't I Smoke Cigarettes?" The following nine boys received one dollar apiece, as a reward for attendance: Millard Sutton, John Hamilton, Peirson Mason, Clifford Jones, John Fones, Albert Metzger, Ernest Reynolds, John Knight and William Hunt. A number of other prizes were given by the teachers to boys in the various classes. Through the kindness of the teachers and members of the temperance union ice cream and cake were served to all present. The Ideal Musical Club of Alexandria gave several fine selections during the evening.

Rev. Mr. Carpenter, rector of Grace Episcopal Church, preached a very fine sermon to the night school boys last night. The text was taken from the 20th chapter of Matthew, 6th verse.

Seminary Notes.

The dedication of the tablet to be erected in the Seminary Chapel as a memorial to Bishop Brooks by the alumni and under graduates of Harvard University will take place at the Seminary on Tuesday, the 30th inst. The presentation address will be made by the Rev. Floyd Tomkins, D. D., of Holy Trinity Church, Philadelphia, and the address of acceptance by the Rev. Carl E. Grammer, S. T. D., a former professor at the Seminary, now rector of Christ Church, Norfolk. It is understood that the Harvard committee intend to invite President Roosevelt to attend the dedication ceremonies, which will be heartily seconded by the authorities of the Seminary. It will be remembered that President Roosevelt was invited on the part of Harvard to make the presentation address, as he is an alumnus of that institution, but he did not expect to be in Washington until the beginning of June. Bishop Potter, of New York, has secured the pledge of the whole amount required to build a chancel to the Seminary Chapel. On account of the growing congregation such an enlargement is very much needed, and the Seminary authorities appreciate very highly the generous interest Bishop Potter has manifested towards his Alma Mater.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Henry Brown, colored, arrested by Officers Patterson and Bell for escaping from jail, was again placed in confinement.

Mabel Robinson, arrested by Lieutenant Smith and Officer Bettis charged with disorderly conduct and fighting, was fined $5.

Sue Shelley, arrested by the same officers for a similar offense, forfeited her collateral by failing to appear.

Hugh Wiley, arrested by Officers Lyles, Allen, Knight and Ferguson, charged with assault and injury to property of Thos. Nugent, was fined $5.

A white man, arrested by Officer Arrington charged with assaulting a colored woman, was dismissed.

J. W. Gaines, charged with obstructing a street crossing, was fined $10.

Confederate Memorial Day.

The arrangements for the observation of Confederate Memorial Day in this city on Wednesday have been about completed and the programme as published on Friday will be carried out. The parade will be as follows: Alexandria Light Infantry and Lee Camp with band will form at 5:15 p. m. on Prince street, right resting on Alfred. The procession will march up Alfred street to King, up King to Fayette; countermarch on King to Fairfax, down Fairfax to Duke, up Duke to Washington, up Washington to the monument, where the exercises will be held and where Maj. Holmes Conrad will deliver the address. After the exercises at the monument the procession will reform and march to Christ Church where the Confederate mound will be decorated and "taps" sounded. Capt. Thos. Perry will be marshal of the parade.

Death of Mrs. Nannette Lee Peyton.

Mrs. Peyton died at her residence, "Yelverton," near The Plains, Fauquier county, on the 21st instant, in the 94th year of her age. She was the widow of the late Dr. Robt. E. Peyton and a daughter of the late Judge Walter Jones, a distinguished jurist of Washington, D. C. She was a lady of the old school, highly cultured and accomplished. Her mind was as clear and strong as one many years her junior, up to the time of her death. She was possessed of wonderful energy and strength of mind and body and was loved and honored by al who knew her. Mrs. Peyton leaves three daughters, one son and many relatives to mourn her death.

Blocking a Crossing.

Yesterday afternoon complaint was made at the station house that the extreme southern end of Lee street, leading to Jones's Point, was blocked by a string of freight cars. Officer Roberts proceeded to the point and ascertained that the crossing had been blocked for over an hour. He cited the conductor to appear in the Police Court this morning and show cause why he should not be fined. The case came up before Justice Caton this morning and the conductor was fined $10. When the crossing described above is blocked it cuts off communication with Jones's Point, where many people stroll on Sunday evenings.

A Pleasant Sunday.

The weather yesterday was bright and pleasant, a cool western breeze having prevailed throughout the day. In the afternoon many people strolled to the environs of the city, while large numbers went west and north of this city where the railroad improvements are in progress. The Alexandria and Washington turnpike was alive with vehicles during most of the day, and several automobiles from Washington were seen. The churches had average congregations.

Baseball.

On the old fair grounds in this city Saturday evening the baseball team of the Alexandria Athletic Association defeated the Fort Hunt team by a score of 25 to 6.

The Invincible baseball team yesterday afternoon defeated the Virginias by a score of 10 to 7. The batteries for the Invincibles were Glover and Johnson and for the Virginias were Nalls and Henderson.

The Electric Road.

Tomorrow is the day set by the corporation commission to hear the answer of the electric road to the charges that the company has not obeyed their orders entered last February. Corporation Attorney Boothe will go to Richmond to represent the city before the commission. The work of double tracking the road is going on, but as yet the rails have only been laid from St. Asaph to Del Ray.

Preparing for Memorial Day.

The Junior Order of American Mechanics are preparing for their memorial day services next Sunday. Alexandria and Belle Haven Councils have myde all arrangements for the occasion and have procured markers for graves of deceased members. These councils will prepare an interesting and impressive programme of exercises for the day.

Suit.

Messrs. J. M. Johnson and Leo Harlow have brought suit for Mr. I. M. Wood against the Southern Railway for $5,000 damages for alleged injuries received while at work in the round house of the railroad company in this city. It is alleged that while the plaintiff some time since was at work in a pit in the round house, some of the other employees turned steam into the pit causing an accident which resulted in his injury.

Personal.

Col. Arthur Herbert and family have returned from a delightful visit to Europe.

Mrs. L. O. Hardin and Mrs. R. T. Hardin have gone on a visit to Albemarle county.

LOCAL BREVITIES.

Alexandria is getting to be a Sunday baseball town.

The U. S. supply steamer Maple anchored off the city Saturday.

The strike of the mill-workers in Washington was settled Saturday night. Representatives of the mill-workers and the mill-operatives met and a few minutes past midnight it was announced that a scale of wageshad been agreed upon.

After serving at Fort Myer, since last September, the officers and men of the first squadron of the Seventh United States Cavalry left Washington for San Francisco, Cal., Saturday on their was the Phillippines, where they will relieve the Twelfth Cavalry.

The funeral of the late John T. Davis colored, who died Friday, took place yesterday afternoon, and was attended by a large number of colored friends and acquaintances. The deceased was a well-known and respected resideut, he having for a long time been employed at weddings, receptions, banquets and other social gatheriugs in this city.

The Southern Railway Company has, so far as can be learned, made no movement toward eliminating the dangerous trap at the east end of the Wilkes street tunnel, although attention has several times been directed to it. When the stone work at the east end of the tunnel was in progress several years ago the contractors called attention to the necessity of a retaining wall on the south, but the company was averse to the expenditure.

Fried clams, 30c per dozen. Soup every day. Chas. H. Zimmerman, Market Space. m-w fr

Fire in Washington.

An explosion, thought to have been caused by gas, in the old brick residence at 713 Fourteenth steet northwest, just north of the Colorado Building, in Washington, a few minutes before midnight last night, set fire to the building and cut off the escape of the inmates by means of the stairway. Imprisoned by the flames, one women leaped from a third-story window and was picked up in an areaway, terribly mangled. She was taken to the Emergency Hospital in a dying condition. A policeman, after heroically rushing through the flames, rescued one woman as she hung from a window sill, about to drop into an areaway. Still a third jumped from a rear window to an adjoining roof and escaped in her nightgrown to some alley cottages. Miss Kate Miller, about thirty-five years old, is the woman who jumped from the window. When the police picked her up she was unconscious, It is believed that she cannot live. While the other women were suffering severely from shock, their condition was such as to occasion no anxiety. The explosion, it is believed, after a preliminary examination by the fire department, occurred on the second floor, probably under the stairway.

A Disastrous Calamity.

It is a disastrous calamity when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs and cure headache, dizziness, colic, constipation, etc. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

Time Tried and Merit Proven.

One Minute Cough Cure is right on time when it comes to curing Coughs, Croup, Whooping Cough, etc. It is perfectly harmless, pleasant to take and is the children's favorite Cough Syrup.

FOREIGN NEWS.

According to a report which has been received at Tokio a junk carrying a large number of Russian officers has been captured near Vladivostok.

The Belgian steamer Lily has arrived at Vladivostok safely, according to a dispatch received from that port, and the news has been joyously received. The vessel had not been heard from since January, when she left Hong Kong, and it was feared she had been lost.

Latest advices from Lasama, Sandwich Islands, where Japanese laborers are on strike and have besieged their opponents, says the situation has imroved. The Japanese have abandoned their belligerent attitude and agree to return to work on the plantations. A peaceful end is exp cted.

The French Ambassador to Germany has arrived at Ludwig Slust, Germany, from Berlin and presented to the Duchess Cecilia, who is to be married next month to the Crown Prince Frederick William, the present of President Loubet, of France. The ambassador expressed to the court of Mecklenburg-Schwerin the good wishes of France toward the Duchess Cecilia for her future happiness in her marriage.

A Turkish army corps, which will serve in the Yemen province, is being embarked at Smyrna. It is believed that these troops will be able to put down the insurgents who have created the disorders in the district. A fleet of Turkish cruisers, including the American-built vessel, the Medjijah, is cruising in the Red Sea and will protect the landing of the troops which will be made at Hodeidas, Arabia.

According to the Birmingham, England, Post, the German government is preparing to send a special commissioner to America to investigate the question of trade relations between the two countries, and to make a full report on the general situation in the United States. The fear that a tariff war may grow out of the present agitation over the question of import duties is responsible for this resolution on the part of Germany.

AUCTION SALES.

BY VIRTUE OF A DECREE OF THE Corporation Court of the city of Alexandria, Virginia, rendered on the 7th day of November, 1904, in the chancery cause of Solomon Myers and Isodore Myers, executors of Lewis Myers, deceased, vs. Max Lansburgh and others, the undersigned special commissioners of sale, will on

MONDAY,
the 5th day of June, 1905,

at 12 o'clock m., at the front door of the Court House of Prince William county, Manassas, Va., sell at public auction all the right, title, interest and estate of the defendant, Max Lansburgh, in and to ALL THAT TRACT OF LAND situated in the county of Prince William, State of Virginia, described as containing 4,264 acres, more or less, and bounded on the east by the Potomac river, on the north by Quantico creek, on the south by Chappawamsick creek and on the west by the telegraph road, together with all rights and appurtences thereto belonging or in any wise appertaining; or so much thereof as may be necessary to satisfy the amount of the said decree in favor of the plaintiffs against the said Max Lansburgh, to-wit, the sum of $2,741.77, with interest on $2,473 66, part thereof from March 6, 1900, and on $268.11, the residue thereof from October 4, 1901, until paid, and the costs of this suit and of sale. The sale is made subject to the rights of W. A. Wimsatt under the agreements made with him by the defendant, Max Lansburgh, bearing date February 9, 1904, and March 4, 1904, respectively, and the deed made in pursuance thereof, recorded among the land records of Prince William county, in Liber 52, page 323, and subject also to the contigent dower right of the wife of the said Max Lansburgh in the equity of redemption in said property.

Terms of Sale—One-third of the purchase money in cash on the day of sale and the residue in two equal installments at six and twelve months from the day of sale, the deferred installments to bear interest at the rate of six per cent. per annum from the day of sale until paid, and to be evidenced by the notes or bonds of the purchaser or purchasers with approved personal security and the title to be retained until the full payment of the purchase money. The purchaser or purchasers may at their option pay all in cash. All conveyancing to be at the cost of the purchaser or purchasers.

JAMES R. CATON,
J. R. T. THORNTON,
Commissioners of Sale.

I, John S. Beach, Clerk of the Corporation Court of Alexandria, do certify that James R. Caton has executed bond with approved surety as required by the above decree.

TRUSTEES' SALE.

By virtue of a deed of trust dated September 26, 1899, and recorded in deed book 44, page 176, of the land records of Alexandria city, Virginia, executed by Alexander Conway to Lewis McK. Bell and others, trustees of the Alexandria Perpetual Building Fund Association, and default having been made in the payment of the debt and the interest thereby secured and being thereunto directed by the board of directors of said association, the undersigned trustees of said association will sell at pulic auction for cash on

SATURDAY, May 27, 1905,

at 12 o'clock m., in front of the Royal street entrance to the Market Building, in the said city of Alexandria, Virginia, ALL THAT TENEMENT AND LOT OF GROUND situated in said city on the east side of Columbus street between Wilkes and Gibbon streets, and bounded as follows, to-wit: Beginning on Columbus street 151 feet 7 inches north of Gibbon street; thence east parallel to Gibbon street 108 feet 5 inches to an alley 15 feet wide; thence north on said alley parallel to Columbus street 25 feet; thence west parallel with Gibbon street 108 feet 5 inches to Columbus street, and thence south on Columbus street 25 feet to the beginning, with all appurtenances to the same belonging. Conveyancing at the cost of the purchaser.

LEWIS McK. BELL,
DANIEL RUBEN,
WM. E. LATHAM,
} Trustees.

Also a two-story frame dwelling with cellar and store, seven large rooms, and being located at the northwest corner of Queen and West streets. Condition first class.

Terms—One-half cash and the balance in one and two years.

J. R. and H. B. Caton, Attorneys.

MEDICINAL.

Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local inflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

How a Club Went Out of Existence.

Some years ago about a dozen men at Oxford formed a sort of "marriage club." It was agreed that when any member was about to be married a dinner should be held which all within reach should attend—the bachelors to pay. Marriage seemed far away then, and the bachelors thought the divided expenses would be inconsiderable. Years passed and now and again the announcement of another marriage was sent around. They met, coming from various walks of life—soldier, barrister, solicitor, journalist, schoolmaster, man about town and the rest—sang the old songs, dug up the old jokes, until one year it happened that the final bachelor found himself sole host. A year later the difficulty arose, and the final bachelor was given his dinner by the eleven married men. And now the friends meet on the anniversaries of their wedding days and pay each his own score. There is perhaps the ideal club.—London Chronicle.

A Delicate Art.

To transfer an old oil painting to a new canvas is a branch of art that calls for a unison of mechanical skill and talent. There are not many men in the business. It is an entirely distinct work from renovating a cracked or mutilated painting. Transferring a painting from an old canvas to a new one requires years of experience to accomplish the simplest part of it. After the picture has been removed from its frame several layers of fine tissue paper are pasted firmly across the surface. When the paper is dry the back of the canvas is made thoroughly wet. Thread by thread it is picked away until nothing remains but the paint, which is fast to the tissue paper. A new canvas is then mounted and glued to the back of the picture. When the glue is dry the tissue paper is moistened and gently removed from the surface. A little cleaning and retouching by a skilled hand make the work complete.

No Bribery.

An amusing episode in politics is vouched for by a minister of religion as having occurred near Gillingham, England. A lady canvasser for one of the local candidates called at a house, found that the voter was out and inquired of the wife, "You think he will vote for my candidate, do you not?"

"Indeed he won't," replied the woman. "He has been promised a new pair of trousers if he votes for the other man."

The lady canvasser scented a petition for bribery, produced a sovereign and said, "I will give you this if you will tell me who made your husband that promise."

"Certainly I will," said the voter's wife as she pocketed the money. "I promised him them myself."

Man and His Necktie.

"Men's taste in neckties," says a New York haberdasher, "is the most fickle thing imaginable. You can never be sure of it. It often happens that a scarf pattern which has a tremendous run for a year or two is reproduced after a few seasons, and no one wants to buy it. On the other hand, a design you could hardly give away this year may become the craze next year. Why, no one has ever been able to discover. One year men will revel in red scarfs and the next will have nothing but greens or blues or purples. Talk about women's taste in dress being uncertain—man's is more so. Outfitters can only guess at it. Experience avails nothing."

The Proofreader's Fault.

In the first edition of St. Matthew in Micmac for the Indians of Nova Scotia the translator found when he came to revise it that in chapter xxiv, 7, instead of "nation shall rise against nation" he had written "a pair of snowshoes shall rise up against a pair of snowshoes." But there was only one letter misprinted, naooktukumiksijik (a nation) having been displaced by naooktakumiksijik (a snowshoe).—St. James' Gazette.

The Cause of Earthquakes.

When there is an earthquake the Tibetans know just how it happened. There are evil spirits. "Some of them are gigantic brutes a mile in height, with tiny mouths which prevent them swallowing even the smallest crumb of any kind of food. Naturally they suffer from hunger, and in their agonized writhings they are the immediate cause of earthquakes."

Well Fumigated.

Some years ago Mark Twain's home in Hartford was invaded with scarlet fever. The disease raged for some weeks, when heroic measures were taken to disinfect the house. "We had a fumigator so strong," said Mark Twain, "that it took all the brass off the door knobs and all the tune out of the piano."

Correcting Him.

The Prospective Better Half—But seriously, George, am I the only girl that—He—Now, Amy, dear, don't ask if you are the only girl that I ever loved. You know as well as— The Prospective Better Half—I wasn't going to, George. I started to ask, "Am I the only girl that would have you?"—Puck.

Her Status.

Not long ago a certain young man went to publish the banns of his marriage with his best girl. On the sexton putting the question, "Is she a widow or spinster?" the young man replied, "No, sir; she is a fitter in a boot and shoe warehouse."—Birmingham (England) Post.

Sure Cure.

"How did you cure yourself of insomnia?"

"I left a lot of my day's work unfinished and tried to stay awake and do it at night."—Exchange.

A French Custom.

In France a newly married couple do not have the ordinary bridal calls made upon them. Instead, garbed in their best the bride and groom pay visits to all their married friends. Imagine a shy woman's embarrassment when she must call upon total strangers—especially if she marries away from her own neighborhood or her husband has a country house in a different quarter.—Philadelphia Ledger.

Uses For Fishskin.

The serrated spines of the rayfish are used by the Indians of the Amazon to arm their arrows. Sharks' teeth are used in arming weapons, while the teeth of this and other species are used as trinkets by many peoples. The jaws of the sleeper shark are used for headdresses by certain of our Indian tribes. The vertebrae of the sharks are also prepared as canes. In Japan the bones of sharks and skates are used in making imitation tortoise shell. In Europe and this country shark and ray skins are employed to smooth and polish substances, while the skin of the thornback is employed by cabinet makers in lieu of sandpaper, than which it is very much more durable. Woodworkers also use the rough skin of the blue dogfish like emery paper for smoothing their work and preparing it for polishing. In India the jawbone of the boalee fish is employed by the natives about Dacca. The teeth, being small, recurved and closely set, act as a fine comb for carding cotton in removing the loose and coarse fibers and all extraneous matters from the cotton wool.

A Lost Language.

A monument to a lost language is to be found in the village of St. Paul, near Penzance, in Cornwall, and it is believed to be the only monument in existence which marks the death of a vanished tongue. It commemorates the death of the last woman who spoke in the Cornish language and was erected by a Frenchman. It is a granite obelisk about seven feet high and is built into the churchyard wall, the front facing the highway, where it is plainly discernible by all who pass that way. The upper part is in the form of a Maltese cross. The inscription reads as follows: "Here lieth interred Dorothy Pentreath, who died in 1777, said to have been the last person who conversed in the ancient Cornish, the peculiar language of this county from the earliest records till it expired in the eighteenth century in this parish of St. Paul."

Courtesy to Women.

A young woman, says a correspondent, who was passing the evening with the family of Lord Coleridge, the eminent English jurist, was about to start for her home at 10 o'clock when he offered to accompany her. She, with the respect due to his age and with the fearlessness of youth due to ignorance of the dangers surrounding young women, said: "I thank you, sir, but I do not want to trouble you. Cannot the maid accompany me?" His manner showed the respect in which he held all women. He said, "My dear, the maid is a woman also." If all men were so truly courteous there would be no complaint on the part of women that they do not receive the treatment they should receive from the opposite sex.

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Aitcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Gibson & Timberman and W. F. Creighton & Co.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nervetissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.
